A.-B. Have Grand Time

Camp Wrangell No. 28, Arctic Brotherhood gave their annual St. Patrick's Ball last Tuesday evening at Red Men's Hall and it sure was some dance.

The dance started shortly after nine with a grand march that was very pretty with the A. B.s dressed in their lodge parkies. Prof. Edson was the floor manager and kept things going in his usual good way. As a whole the dance was a grand success and the boys cleared a neat little sum of money which will go towards the building of an A. B. Hall which the local lodge intends building this summer.

Performs Very Grave Operation

F. M. Hungerford of the Hungerford loggers near Petersburg was operated on at the Wrangell Hospital last Saturday afternoon by Dr. Dawes. Mr. Hungerford was taken very sick last Friday while in town and Dr. Dawes prescribed the operation which would have to be performed if he expected to live more than twelve hours longer. The operation was very successful and he is on the high road to recovery.

Seattle, Mar. 18—Halibut is quoted here at six cents for boxed and five and three quarters for schooner fish.

Building New Boat To Take The West Coast Mail Route

W. J. Neil returned on the Humboldt from Seattle where he has been for the past month getting the plans and specifications for his new boat to be used on the West Coast route.

From the plans and prints brought back by Mr. Neil this is going to be the best equipped passenger and freight boat that has ever been on a mail route in Alaska. The contract for building the vessel was awarded to James Hall of Winslow, Wn. and calls for delivery the 10th of June.

The new vessel will be christened the "Prince of Wales", and will have life boat capacity for 38 passengers and sleeping accommodations for 36 persons. She will carry two life boats and the same number of life rafts to meet the requirement of the coastwise law. The life boats have a 200 foot capacity and the rafts will have a 180 foot capacity. The rafts will rest on the deck on each side of the forward hatch and the boats will be placed on the davits aft.

According to the new law which states that the life boatage must be 100 per cent in winter and only 60 per cent from the middle of May to the middle of October, during that time the vessel may carry 63

passengers with the same amount of life boats.

The new vessel will represent an investment of \$13,000. Aside from passenger accommodations she will have a cargo capacity of fifty tons measurement in her cargo hold. She will be powered with a 125-horsepower Eastern Standard gasoline engine of the reversible type and will have a speed of 12 miles an hour. The engine will be placed forward instead of aft as usually.

The new boat will take the place of the Uncle Dan which has done such good service in the past years but as the West Coast is growing and the Uncle Dan is getting too small to accommodate the evergrowing business the new vessel will more than be able to overcome all shortcomings. The route will include many new stops as soon as the vessel is in operation and will be extended as far as Ketchikan, making the trip one way in 40 hours. The run to Ketchikan will make the trip 200 miles longer, the trip of the Dan is about 500 miles the round trip and the new run will be about 700 miles.

The Prince of Wales will probably be the biggest 65 footer ever built on the coast, will have a beam of 18 feet and a draft of 7 ft. 7 inches.

"Mose" Gets Fifty Days

J. S. Perkins, a cullud gentleman, who has been in Wrangell for the past week was taken into custody by the U. S. Marshal last Monday night when he was aboard the Spokane ready to proceed to Petersburg. It seems that Mr. Perkins has been living on his credit ever since he came to town and after borrowing some money, instead of paying his debts he bought a ticket for Petersburg, but his creditors found out that he was aboard and he was placed under arrest while the boat was still at the dock.

The following were the men nominated at the caucus meeting to run for council the coming year: Ole Johnson, L. C. Patenaud, J. G. Grant, Frank Gingrass, Dr. Emery, H. D. Campbell, Al Osborn, Frank Smith, Art Sorset, N. M. Tate, Martin Hofstad, Jack Bjorge, C. W. Albright, T. Case, M. Katzenmeyer.

New Port, Mar. 18—Mrs. Robert Geolet one of the social leaders was granted a divorce this morning on the grounds of extreme cruelty.

Juarez, Mar. 18—The rebel forces were driven back north of Torreon today after a long battle lasting the entire day.

El Paso Is Fine Boat

The El Paso, of Ketchikan, made port from the West Coast last Saturday morning under the care of Capt. Harry Aires with Jimmy Sales as pilot, and Mr. Peckham of the Ryus Drug and Jewelry Co. of Ketchikan, E. J. McKanea and Jos. Meheria two knights of the grip who have the boat under charter.

The El Paso is one of the finest fitted gas cruisers in Alaska is 60 feet long and powered with a 50 horse power engine. She left early Sunday morning for Ketchikan after leaving the drummers here to gather business for their companies until the first northbound boat arrives.

No More Cabaret Shows In Seattle

Seattle, Mar. 18—Chief of Police Griffiths today issued an order putting the ban on all cabaret shows in the city and from now on there will be only the orchestras in the many cafes of the city.

F. C. Barnes Co., of Portland, Oregon, which operates salmon canneries in Oregon, Washington and Southeast Alaska, has increased its capital stock from \$100,000 to \$150,000.

General Miles says married men are better fighters than bachelors. Result of more practice.

Yet with all due regard to the brand of vindication we should advise Senator Gore to avoid conferences in private apartments.

If big alimony is not income, what is it? That is the question which eminent divorcees seek to raise with the collectors of the income tax.

It is estimated that Nome will be \$2,000 in debt by January 1st. The council is being urged to abolish the police force in the interests of economy.

And while we sympathize with the weather-stricken condition in Gotham, we are again reminded that there are some places we would rather live.

Mr. Taft is referred to as "America's best loser." It is some "rep" at that; but we are of the opinion that the honor would gladly have been passed up.

Over in Belgium motor cars are called "Snelpaardeloozenderpoortwepetrolrytgen." By the time a fellow gets through hailing one it is at the other end of the line.

Clara—They say one evening's dancing is equivalent to walking ten miles. Maud—That was the old style. Now it's equivalent to climbing about one hundred trees.

Mother is man's best friend she always stands by boy, no matter how good or onery he is. Money is man's second best friend—it attracts and holds the world to him. The wife comes third on the list. As a rule she is her husband's good friend—until the money is all gone. Then she becomes as uncertain as the wind that blows.

Vermont is enjoying the possession of a "survey" of her public schools which pays no compliment and winks at nothing. It was made by the relentless agents of the Carnegie Foundation. One of the curious facts it brings to light is that Vermont gives money to three colleges over which it has no control. This is a wretchedly mistaken policy. The colleges waste the money, as might be expected, and the "survey" wants it taken from them and turned over to the public schools. Anything that calls itself a college is so sacred in New England that the advice is not likely to be followed, but it is excellent for all that.

A good show at the Wrangell Photoshow tonight.

Sanger, California, February 3. An intricate infernal machine which if loaded with nitroglycerine and discharged, could have done inestimable damage, was found in the flotsam deposited near this city by the recent flood. The machine consists of a clocklike arrangement attached to a brass cylinder. It is enclosed in a glass case. This instrument of destruction is now in the hands of Constable Campbell and will be turned over to Government officials. —Fresno Herald

This dangerous instrument is a Friez automatic river gage which has been faithfully recording the ups and downs of Kings River for nearly 11 years for the United States Geological Survey. The recent flood exceeded by 6 feet the maximum recorded stage for the past 18 years and swept the gage away from its moorings. —Press Bulletin.

Best "Spring is coming. Spring
is coming. Spring is
coming."

Do we in Wrangell realize it
and that we should begin to think
about the spring cleaning, and try
to get the rubbish cleared out of
the streets and alleys before the
mass grows up around it making
the work more difficult?

What an improvement it make
in the appearance of the town if
we have it cleared of the old can-
s, broken boards and trash in
general! To say nothing about the
effect it may have on health of the
community.

What shall we do about this
matter? Shall we have a "Cleaning
up day" appointed and all work-
together, will each look to his own
property and clean it up at his
earliest possible convenience, or
not sooner? The Civic Improve-
ment Club are not discouraged
"Not by no means" (quoting
Tweddledum.) They are loyal to
their object and new members are
coming in whose premises are
credit to themselves and to the
city, and who naturally feel an in-
terest in the advancement of the
city, in cleanliness and general im-
provement.

But as the cleaning can be done
by the property owners, the Club
feel that they would like to be able
to devote their funds to something
more permanent (business school
yard) and their time to writing po-
etry and other effusions.

The following classic little "ge-
appeared anonymously in the nam-
less thirty or forty years ago, and
attracted considerable attention at
that time. It may be new to some
of our readers; others may recog-
nize it as an old favorite.

The first bird of Spring attempted
to sing.
And warbled one faint little note,
But he fell from the limb, and a
dead bird was him.

For the music froze in his throat.
We trust this will not be the
fate of the C. I. C.; but that next
week more spring news may ap-
pear.

New York Mar. 18—The New
York Herald started the boom yes-
terday in that paper for Col. Goth-
als to run for the Presidency on
the Progressive ticket in view of
